Dear Mr. Block,

It was a pleasure meeting and speaking with you today. I am glad to be writing to be writing this letter in support of One Innocent Life's mission; to raise the awareness of fire safety in on-campus and off-campus housing for college students and their parents.

As the Fire Chief for the Town of Wilton (CT), I and my department recognize that the need to raise awareness about fire safety is urgent and extremely necessary.

Any programs that can help our students and their parents make better decisions about the life away at college and the consequences of a fire emergency, will benefit parents, students, colleges, and the community at large.

Sincerely,

Ronald E. Kanterman

Chief, WFD
